SINGLE PLAN FOR STUDENT ACHIEVEMENT 2010-2012

2010-2012 Single Plan for Student Achievement for GARDEN GROVE

District Mission

The Board of Education of the Garden Grove Unified School District is committed to providing an educational program focusing on student achievement, high standards, and opportunities for all students to acquire the knowledge and skills necessary to live a productive life.

To meet this commitment, students will participate in a comprehensive curriculum designed to achieve the identified goals.

District Goal

It is the goal of the district to ensure that all students have the opportunity upon leaving high school to choose from a wide variety of options including four-year colleges and universities, technical education, or a skilled career. The opportunity to choose among these paths requires that students achieve proficiency as defined by state standards in core academic subjects (Goal 1) and achieve proficiency in the use of the English language (Goal 2). These proficiencies will make it possible for students to access rigorous high school courses and enable them to graduate ready for college and skilled careers.

ACTION STEP #1

WASC: Standards-based Student Learning: Instruction

NCLB: Research-based Instructional Strategies

ESLR: Effective Communicator, Creative and Critical Thinker

Growth Goal A: (1) English Learners will advance one performance level per year in English Language proficiency until English proficient as measured by the CELDT. (2) The number of English Learners scoring proficient or above on the CAHSEE will increase by 5% each year as measured by the CAHSEE.

Rationale: After thorough, thoughtful analysis of District-wide achievement data, demographics and state standards, our District established this goal [Goal A (1)] for all students. The District worked with an educational consulting company to ensure that this goal was focused, measurable and achievable. These consultants also provide ongoing support to monitor our progress on this goal. Goal A (2) addresses the continued challenges to improve our CAHSEE proficiency scores.

Growth Goal B: Provide ongoing support to teachers in implementing research-based instructional strategies that support student engagement and students achievement on the content standards.

Rationale: Teacher feedback indicates that, though improvement has been seen, a number of teachers are not utilizing instructional strategies that actively engage students in the learning process. Teachers report that they need ongoing support to learn which research-based strategies will better engage the students and how to effectively use the strategies in their lessons.

SECTION E: ESTABLISHMENT OF THE ENGLISH LEARNER ADVISORY COMMITTEE (ELAC)

Each school with 21 or more English learners (EL) in attendance, regardless of language, must form a functioning English Learner Advisory Committee (ELAC) or subcommittee of an existing advisory committee. Education Code (EC) 62002.5 establishes the regulations that govern the ELAC.

Composition of English Learner Advisory Committee

COMPOSITION REQUIREMENTS

The percentage of parents of English learners on the committee must be the same or greater than the percentage of English learners at the school. There is no guidance that dictates the size of the committee, but should be of adequate size to fairly represent the population of English learners attending the school.

Describe each of the following steps in the establishment of the English Learner Advisory Committee (Education Code Section 62002.5).

a. Voting Process by parents of English learners: An election is held in which all parents of English learners have an opportunity to vote and in which the parents or guardians of English learners elect the members of the committee. The peer selection process may include:

1. Ballot By Mail: In the letter, we include a form for self-nomination. After all the nominations have been received, a ballot is sent home with each English learner for parents to vote. Parents from last year's ELAC handle this process and count the ballots.
2. Voice Vote: In the letter, we encourage all parents and school personnel to attend a meeting where information about ELAC will be provided and elections will be held at the school site. At this meeting, nominations are taken from the floor for ELAC membership and would be elected at that time by voice vote of parents and guardians of English learners. The required percentage of parents of English learners depends on the number of English learners at your school.
3. Back To School Night Election: In the letter, we include a form for self-nomination. After all the nominations have been received, parents and school personnel are informed that the election will be held prior to Back To School Night, stating the date and time. Ballots are prepared and a voting station set up for parents and guardians of English learners to vote. Parents from last year's ELAC count the ballots.

b. Members' terms of office: Members will serve one- or two-year terms.

c. Procedure for replacing a member:

The procedure for replacing a member shall be pre-determined. Recommended procedures include:

1. Mid-year elections may be held.
2. Members are replaced using a peer selection process.
3. Volunteers may be asked to complete the year, a replacement will be appointed, and elections will be held in October of the following school year.
